Serial No.

Mr Jayaswal Munsif as Health officer Kolar Gold Fields w[rote] to Mysore the post of the Sanitary Inspector carrying a salary of Rs 100+20 which was considered no longer necessary was abolished & Mr. P. Furman the then Sany Inspector was dismissed the service as he was guilty of certain irregularities in the rent collection work. So the conservancy establishment now consists only of the following men

		Monthly Cost
(1) asst Sany Inspr	Pay Rs 75:100.	1200
(2) 2 Sany Inspectors	30.40+10	1200
(3) 2 Sany overseers one on Rs 40 & one on Rs 30		840
(4) Four peons	10 each	480
(5) Twelve maistries	do	440
(6) 92 sweepers	8	8832
		13992

(a) The revised proposals are to designate the Asst Sany Inspector as Chief Sany Inspector and give him a horse allowance of Rs 20/-

Ref No 12466-7 dy mayo & RS 393-07. put up with the precedent file

Overseers

NOTE—Contn. sheet.

necessitating an increase

in expenditure of | Rs — 2240 per annum

(b) to designate the Sarv overseer on Rs 40 as Sarv Inspr on Rs 30-2-40 & give him a horse allowance of Rs 20/- & thus increasing the expenditure by Rs 240

(c) to double the horse-allowance of the existing Sarv Inspectors, resulting in an increase of Rs. 240

overseers

(d) to designate the Sarv overseer on Rs 30/- as asst Sarv Inspr & give him an horse allowance of Rs 20/- 240

(e) to entertain an additional asst Sarv Inspr on Rs 20-1-30 & give him horse allowance Rs 20 — 600 (more)

(f) to increase the no of masters by 3 & to raise the pay of all the masters by 1 — 576

(g) to raise the no of sweepers from 92 to 108 } Rs 1536

3636

at present 12

NOTE—Contn. sheet.

GPB—50,000—18-5-08

Serial No.

The total maximum expenditure will then be R (13992 + 36·36) 17,628 ~~In~~ this proposal ~~is~~ involved the incurring of a recurring expenditure of 16 273 minimum or of Rs 36 36 maximum

7) Collection Department

In Feb: 06 the entertainment of the market establishment consisting of a market Serjeant a Bill collector, a Constable & three peons was temporarily sanctioned & the retention of his staff till the end of December 1909 was sanctioned in Jany 08. Proposals are yet due from the President in re the permanent retention of the establishment. It is now proposed ~~to~~

(1) to do away with the post of Bill collector on Rs 30 & to appoint 2 asst market Serjeants on Rs 15 + 5 resulting in an excess expenditure of Rs 10

G O No. 6936-7 dd 28-11-07

Rt No Jan 08

Serial No.

(2) to reduce the pay of 2 of the rent collectors by Rs 10 each & thus save = Rs 120

(3) to appoint 1 mukeem on Rs 10/- = 120

The excess recurring expenditure will thus be Rs 120 per annum

8) The excess expenditure of the revised proposals of both the Departments will be Rs 3756 per annum.

9) The financial condition of the Savy Board is noted below.

According to the budget for 1909-10 (draft prepared)

estimated opening balance	Rs 15,000
" receipts	73800
	88,800
" Expenditure =	72,170
" closing balance	Rs 16,630

10) The recommendation to increase the horse allowance drawn by Salem overseers from Rs 10 to Rs 20/- is pending orders of

NOTE—Contn. sheet.

LSS 404-07

your; the resolution of my Board has been called for
11 Submitted for orders. These
DS items have been provided for in the
24/3/09 budget for 1909-10, wherein they have
been retained pending final orders.
SJ-24/3/09
12) 1. In the statement furnished by the President, account has been taken of the pay of the San. Insp. on the present scale but this appointment has now been done away with and a qualified highly paid Medical Officer of Health has been appointed in his place. The total figures shewn as excess maximum and minimum are therefore Rs. 0. to Rs. 0.
13) 2. The Hyd. San. Insp. whose pay is 75-100 is proposed to be designated Chief Sanitary Inspector and to be regarded as the Chief Asst. to the Health Officer to assist him in the management of the sanitary work in the Gold Fields area.

NOTE—Contn. sheet:

GPB—50,000—18-5-08

Serial No.

and also to be the manager of the steam office. The steam office contains only two hands and there is absolutely no necessity for a manager for this small office. The medical officer of health must be able to do all his inspection work without the assistance of another officer for the purpose, as the area of the Kolar Gold Fields is only 30 Square miles. As the Apl. Health Officer's San: Ins: gets a higher pay than the San: Insp: his designation may be changed to Chief San: Inspector, but this does no change in his duties can be permitted or an additional hand (Apl: San Inspector) sanctioned in consequence thereof

41) 3. Horse allowance to the Apl San: Inspector. It is not known why no horse allowance was allowed to this officer hitherto. It seems necessary that he should maintain one

NOTE—Contn sheet.

GPB—50 000—17-3-07

Serial No.

a horse and so an allowance of Rs 20 a month may be sanctioned.

15) 4. San: Inspectors and San: Overseers. There are two San: Inspectors drawing 34+10 each, one San Overseer on Rs 40 and another San: Overseer on Rs 30 according to the present scale - it is proposed to designate the Overseer on Rs 40 as a San: Insp: and the Overseer on Rs 30 as an Apt: San: Insp: and appoint another Apt San: Inspector and give all these San: Inspectors and Apt. San: Inspectors horse allowance at the rate of Rs 20 a month - The appointment of another Apt San: Insp: seems unnecessary. As regards horse-allowance, it seems that all of them should get it as many will be in charge of executive duties requiring the maintenance of a horse and the rate may be fixed at Rs 20. (Vide the 2nd Cr's note dated 20.7.08

NOTE—Contn sheet.

GPB—50 000—17-3-07

Serial No.

in L. B. file no 404 of 1907.) There is no objection to change the designation of the Overseers into Sani Inspector and Apt Sani Inspector.

16) The allowance however may be reduced to Rs. ten rupees, if it is considered sufficient if the Sani and Apt Sani Inspectors maintain a bike

17) 5 Mestries and 5 bicycle-Sweepers

If the finances of the Board can bear the additional charge on account of the increase in the number of mestries and sweepers, the proposed increase may be sanctioned. We have to bear in ~~the~~ minds in this connection that the Sani Board will have to pay about Rs 18000 annually, the out of pocket expenses of Govt for water supplied to Robertsonpet and the Ooty townes, in addition to the annual maintenance charge Rs 2000. The present income of the Board is just a little over

NOTE—Contn sheet.

GPB—50 000—17-3-07

Serial No.

the normal expenditure and it is a question how the Board will be able to pay the water charges and also find a sum for increasing the establishment - The Board may, it seem be first questioned regarding this before passing final order on the present proposals. The allowance of one rupee recommended to the messes is in accordance with the rate of local allowance sanctioned in G.O no. Fl 2116-5-8 dated 9.6.03

18) 6. Market Sergeant The officers salary is shown as Rs 50 only. The allowance of Rs 10 has however been sanctioned to be given on a separate reference made by the Board - (Vide L.B File 208 of 1908 - Order dated 18.3.1908) - 7. Bill Collector. There is no objection to appoint two Bill Collectors on Rs 15 each instead of ~~one~~ the existing Bill Collector on Rs. 30. It is not known however on what

GPB—50 000—17-3-07

G. R. S. 12]
General and Revenue Secretariat.

File No. 321 of 1908

Serial No.

peuceptle an allowance of Rs 3- is proposed to be granted to each of them. They may, if necessary, be given allowance at the rates sanctioned in the G.O. dated 9.6.05 referred to above.

20) 8. Rent Collector. The budget for 1908-09 shows that there are ~~at present~~ three Rent Collectors, at present employed, two on 25+5 and one on 20+5, but the statement submitted by the President shows that two of them get 20+5 and the other 25+5. It is proposed to reduce their salary to 15+5. It is not possible to do this immediately, not till we finds other suitable employment for the present incumbents. In that event, the allowances may be reduced and made to conform to those sanctioned in the G.O dated 9.6.05

21) 9 Peon. The necessity for entertaining another peon in the Collectorate dept is not apparent.

2 29) To President Sanitary Board No. 9924 dt. 10.4.09 Requesting him to state whether after meeting the cost of water supply, funds would be available to meet the cost of the conservancy establishment proposed

3 30) From DO — No. 1328 dt. 1-May-09 (D 7873) States that as the question

NOTE—Contn sheet.

GPB—50 000—17-3-07

Serial No.

of giving water to Cooly Colonies has been given up the Boards can find funds for increasing the Conservancy staff, that the maintenance of buckets is not practicable as the Sanitary Inspectors have to do inspection work in villages situated out of the roads, that the rent collectors will be retained on their present pay & that the bill Collector will be absorbed when a suitable vacancy occurs

31) In the Sanitary Board budget for 09-10 the sum made for meeting the horse allowance of the asst Sanitary Inspectors increased & the double horse allowance of the Sanitary Inspectors was disallowed while that made for meeting the pay of the increased establishment of Jotes & Maistries proposed was retained. As this establishment is stated to be a pressing necessity this may be sanctioned as proposed.

32) As the proposed statement

42) On the basis of the actuals for 1907-08 and the estimates for 1908-09 & 1909-1910 the B?. may be taken roughly to have an annual income of about Rs 71000 and an annual expenditure of about Rs 78000. The result is chronic deficit and the B?. has very largely drawn upon its balance in recent years and the amount to its credit has dwindled down, with a short period of three years, from Rs 67000 to Rs 17000. The financial position is therefore most unsatisfactory & notwithstanding this the water supply project had to be undertaken entailing an annual additional expenditure of Rs 7000. This latter amount not being available out of

NOTE—Contn. sheet.

GPB—50.000—15-5-08

Serial No.

the annual revenue has been directed to be met by a corresponding reduction of the present standard of expenditure on public works. In the above circs it is surprising that the Bd. shd. consider itself capable of undertaking more recurring expenditure and seriously submit proposals for sanctioning such expenditure the maximum increase permitted in the present case is over Rs 3500 and it is difficult to understand wherefrom the Bd is going to find the money required for the proposed expenditure recommended

43) The proposal to add to the expenditure on the Conservancy establishment cannot therefore be entertained favourably. The expenditure recommended may be most useful but the Bd. has not the means for meeting it

44) The proposals in regard to the Collection Staff-man however be considered favourably

NOTE—Contn. sheet.

Serial No.

1891

for two reasons: (1) the increase involved is comparatively small & (2) being required for strengthening a revenue earning Establishment. the increase must be allowed for improving the resources of B?. which has shown above badly stands in need of a perceptible addition to its revenue to meet its ever-increasing demands

for restoration of equilibrium between revenue & expenditure, which does not now exist as also

48) A copy of the budget of the Sanitary Board for 08-9 and one for 09-10 are put up. DS one for 07-8 is also put up. Submitted. 4/6/09 Secy) 22-6-09. Addl)

49) The additional peon for the Collection establishment may be sanctioned permanently

50) The addl establishment for the Conservancy Dept is stated to be very necessary & apparently the Board are very keen on entertaining the cost to improve the sanitation of the area. Provision has been tentatively included in the budget for 09-10 already passed subject to order in the present file. No doubt the present permanent expenditure of the Board is in excess of the permanent income & the accumulated balance is being drawn upon to a considerable extent. There seems to be no particular use in the Board accumulating a large balance & the principle of financial administration suitable to the conditions in the U.K. would seem to be that present needs

NOTE—Contn. sheet.

GPB—50,000—13-5-08.

4 7 D.O.N. 1081 § 28.7.09 to the President, Kolar G.F.S. Sanitary Board. Requests to intimate whether and how the Board could undertake additional recurring expenditure of over Rs 3500/- proposed in the present case and make both ends meet.

5 7 From the President, Kolar G.F.S. No. 321 § 24.8.09 States that the present finances of the Board are not so bad as is imagined by Govt, as a sum of Rs 37,000/- is saved owing to the abandonment of the Water Supply project to the Coby Slopes and the construction of the Veterinary Hospital on the Fields, thus leaving an approximate closing balance of Rs 52,818/- at the end of June 1909 and that the Board are of opinion that, as there are no big works on hand and as the opening balance of the current is Rs 52,818/- as explained above, the additional establishment proposed may be sanctioned early.

7 2 For want of funds the K.G.F. Sanitary Board deferred for the present at their last meeting held on the 29th June 1909, the question of building a Veterinary Hospital at the Fields and the same was recorded in G. O. No. 858-1/ Agri 109-07-14 dated the 26th June

"Extract-"

Secretary to Government

Submitted to His Highness.

79 These papers relate to certain proposals made by the Kolar Gold Fields Sanitary Board to revise the scale of its Conservancy and Collection establishments, at an increased maximum cost of Rs. 3,636 and Rs.120 respectively per annum. The details of the proposals are fully explained in the office notes on the file.

80 2. The present permanent expenditure of the Sanitary Board is in excess of the permanent income and the Board was asked how it could afford to meet the increased expenditure. In reply the Board points out that it has a closing balance of Rs.52,818 to its credit at the end of June 1909.

81 3. The proposals having been considered in Council, the Council is of opinion that the establishments may be revised as shown in the accompanying Council Resolution, with an increased maximum cost of Rs.3,036 for the Conservancy establishment and a a decrease of Rs.60 for the Collection establishment. As the Board has not suggested any reduction in its permanent recurring expenditure, the Council proposes that this revision may be regarded as a tentative measure subject to re-consideration at the end of a year. This may be sanctioned.

No. Office of the President, Sanitary Board,
Kolar Gold Fields,
Dated Kolar, 5th March 1909.

From

C. Srikantesvara Aiyar, Esq., B.A.B.L.,
President, Sanitary Board, Kolar Gold Fields.

To

C.S. Balasundaram Iyer, Esq, B.A.,
Offg: Secretary to the Government of H.H.
the Maharaja of Mysore, Gen. &. Rev. Departments.

Sir,

I have the honor to submit herewith copies of the Resolutions of the Sanitary Board, Kolar Gold Fields, passed at their Meetings held on 11th September 1908 and 13th November 1908 together with a Proposition Statement, anent certain changes and improvements in the Conservancy and Collection Departments of the Kolar Gold Fields Sanitary Board and to state as follows:-

2. The Kolar Gold Fields Sanitary Board area is 30 Sq. miles in extent and consists of 86 villages, requiring more than one superior officer to supervise and check the sanitary work of the subordinate staff. It was with this object that tw higher officers, one a Sanitary Inspector on Rs.200 plus 20 and another Assistant Sanitary Inspector on Rs.75 rising to 100/- were hitherto employed. It having however become imperative to entertain a thoroughly qualified Health Officer, on a salary of Rs.250 - 50/2 - 400, the services of the Sanitary Inspector were dispensed with for divers reasons in June last. but not those of Assistant Sanitary Inspector for reasons already mentioned and whom the Board now propose to designate as Chief Sanitary Inspector and regard him as the Chief Assistant to the Health Officer as well to assist him in the efficient and satisfactory management of the sanitation work of the whole of

Jan 28-07
B Jan 08
821-4

this area, and also to be the Manager of the Health Office, which needs much supervision and attention to facilitate pro disposal of Office work.

3. The Health Officer desires to increase by one the present staff of Sanitary Overseers who were will all be called Sanitary Inspectors as per Health Scheme. While agree with him that the Sanitary Board area is far too large for four Inspectors to work with efficiency and that a redistrib tion of the villages into five circles, instead of 4 as now, is highly necessary, the Board propose having 3 Sanitary Inspectors and 2 Assistant Sanitary Inspectors for the prese putting the latter in charge of smaller circles, so that as they acquire training and experience, they can in course of time become fit for greater responsibility.

4. All these Officers, the Chief Sanitary Inspector a the Sanitary and Assistant Sanitary Inspectors, have been provided with a uniform horse allowance of Rs.20/- each, on equal footing with the Police and Excise Inspectors on the Fields, as it is absolutely impossible for these executive subordinates to keep useful ponies with any allowance short of Rs.20/-, the Gold Fields being very costly and dear in every respect.

5. To secure greater supervision over the work of sweepers, it is proposed to raise the number of Meistries fr 12 to 15.

6. Having regard to the increasing work on the staff of sweepers, who, at their present strength are still unable to cope with the varying situation and will be more handicapped now that the new Police Regulations and Sanitary By Laws have come into operation and have to be enforced, their number it is proposed to rise from 92 to 108.

7. The re-organization of the market and collection

staff involving a slight increase of Rs.120 per annum, is considered absolutely necessary, in view of the increasing strain on the staff and steady increase of income.

Instead of a highly paid Bill Collector on Rs.30, 2 Assistant Market Sergeants on 15 plus 5 each have been proposed. The Rent Collectors, who have hitherto attended to Market work on two days in a week, will be set free from this duty, the sergeant and the 2 Assistant Sergeants, with the Duffedar and 4 peons, being better able to attend to the market business.

The Rent Collectors have, according to the revised proposal all being placed on an equal footing, being relieved from the market work, will have more time to attend to the work of Registration of Births and Deaths, in addition to their own legitimate work of collecting rents from the Cooly Colonies which is in need of much greater attention than they have hitherto been able to devote.

8. The entire Scheme thus proposed while providing for more efficiency and adequate supervision has been so organized as to rise from a minimum cost of Rs.19,152 or only a small increase of Rs.216 per annum more than the present cost to a maximum of Rs.20,052 or Rs.1,116 more, in the course of five years, which, considering its vital importance and eventual advantages, both sanitary and pecuniary likely to accrue therefrom the Board consider is insignificant.

9. I have, therefore, to request the favour of your obtaining sanction of Government to these proposals, as early as possible, to enable the Board to bring the Scheme into effect without loss of time.

I have the honor to be,

Sir,

Your most obedient servant.

S. Ramaiah

President, Sanitary Board.
Kolar Gold Fields.

Sanitary Board Office, 12

Kolar Gold Fields.

Dated Champion Reefs, the 30th April 1909.

From,

C.Srikantesvara Aiyar, Esquire, B.A., B.L.,

President, Sanitary Board, Kolar Gold Fields.

K.S.Chandrasekhara Aiyar, Esquire, B.A., B.L.,

Secretary to the Government of His Highness the

Maharaja of Mysore, General and Revenue Depats.

Sir,

Adverting to your office docket No.9924 dated
L.B.321-08-3
the 10th instant, anent the proposals regarding certain improvements in the Conservancy and Collection Departments of the Kolar Gold Fields Sanitary Board, I have the honor to state that the proposal to supply water to the Cooly Colonies has been dropped for the present, and as water will be supplied only to Robertsonpet which will cost about ₹ 5,000/- and ₹ 1,110/- for the actual pumping and annual maintenance charges respectively, the Board will be able to find the necessary funds for the increase of the Conservancy staff. which has become a pressing necessity.

2. With regard to the suggestion of the maintenance of bicycles by the Sanitary Inspectors, I beg to state that many villages of the Sanitary Board area are situated away from the roads, at places where it is not possible to take a bicycle, and without a pony, it will not be practicable to do any efficient work.

3. Of the 3 Rent Collectors, two of them are at present drawing only ₹ 20 plus 5 each and one ₹ 15 plus 5 per mensem, the increase of ₹ 5/- to each of them in the Budget being the allowance proposed to be given, but not yet granted to them

for the additional work of registration of births and deaths.

4. As regards the reduction of salary to the Rent Collectors and the Bill Collector at Robertsonpet Market, I have to state that the allowance of Rs 5/- per mensem to each of the Rent Collectors will have hereafter to be granted for the extra work of registration of births and deaths, in accordance with the Sanitary Board Bye-Law No.16, sanctioned in Govt.Prd.No.469/L.B.302-07-2 dated the 15th July 1908; so they will continue to be retained on their present pay. But as regards the Market Bill Collector, the present incumbent will be provided with a suitable appointment elsewhere, when any vacancy occurs.

I have the honor to be,

Sir,

Your most obedient servant.

President, Sanitary Board.

Kolar Gold Fields.

Dear Sir

Referring to correspondence ending with your letter no 1328 dated 1st May 1909 about the question of the Conservancy and Collection Department of the Sanitary Board Kolar Gold Fields I am to state that on the basis of the actuals for 1907-8 and the estimate for 1908-9 & 1909-10 the Board will be taken regarded to have an annual income about

over.

SUBJECT.

Rs 71000/ and an annual
expenditure of about Rs 78000/
& that the Board has
very largely drawn upon
its balance in recent years
and the amount to its
credit has dwindled
down within a short
period of 3 years from
Rs 67000/- to Rs 17000/-.
The financial position is
therefore most unsatisfactory
and notwithstanding this,
the water supply project
had to be undertaken,
entailing an annual
additional expenditure
of Rs 7000/-. This latter
amount not being
available out of the
annual revenue has
been directed to be met
by a corresponding
reduction of the

C.Srikantesvara Aiyar, Esquire, B.A., B.L.,
President, Sanitary Board, Kolar Gold Fields.

TO,

K.S.Chandrasekhara Aiyar, Esquire, B.A., B.L.,
Secretary to the Government of His Highness the
Maharaja of Mysore, General and Revenue Depts.

Sir,

Adverting to your D.O.No.1081 dated the 28th July 1909, in regard to the revision of the Conservancy and Colletion Departments of the Sanitary Board. I have the honor to state that the apparent small balance at the Board's credit is due to the heavy outlay of Rs 34,661 on the marginally noted three big projects all of which were sanctioned by Government about the same time . The present finances of the Board, however. are not so bad as is imagined by Government as a sum of Rs 37,000 is saved owing to the abandonment of the Water Supply Project to the Cooly Colonies and the construction of a Veterinary Hospital on the Fields. this leaving a closing balance of Rs 52,818 at the end of June 1909.

1. Robertsonpet Drainage Scheme.
2. Robertsonpet Water supply Project.
3. Electric Street Lighting of the Main Road, Kolar Gold Fields.

2. The subject having been discussed at the last meeting of the Board held on the 20th instant, the Board were of opinion that as there are no more big works on hand and as the opening balance for the current year is Rs 52,818, the additional establishment proposed for the Conservancy and Colletion Departments may be sanctioned early. Vide -Copy of the Board's resolution enclosed herein for information.

3. Under these circumstances, I request that you may be so good as to obtain early sanction of Government for the said

18

revision of the Conservancy and Collection Departments of the Sanitary Board.

I have the honor to be ,

Sir,

Your most obedient servant.

President, Sanitary Board.
Kolar Gold Fields.

Proceedings of an ordinary meeting of the Sanitary Board, Kolar Gold Fields, held on Friday the 20th August 1909.

19

Resolution 12. Read D.O.No.1081 dated the 28th July'09 from the Secretary, General and Revenue Departments, with reference to the financial position of the Board and the revision of the Conservancy and Collection Departments.

Resolved that it be pointed out that the Board's finances are not in such a poor state as is imagined.

The abandonment of the Water Supply project to the Cooly Colonies and also the construction of a Veterinary Hospital, will insure a saving of Rs 37,000, thus leaving a closing balance of Rs 52,818 at the end of June 1909. It is therefore hoped, that Government will accord early sanction to the extra establishments required for the Conservancy and Collection Departments.

Proceedings of the Government of His Highness
the Maharaja of Mysore.

Read:-

Correspondence ending with letter No.621 dated 24th August 1909 from the President of the Sanitary Board Kolar Gold Fields submitting proposals for the revision of the Conservancy and collection Departments on the Fields.

Order thereon No 3235-62 GS 321-08.

Dated Bangalore, 2 October 1909.

Conservancy Department. Government have no objection to the proposal to designate the Assistant Sanitary Inspector on Rs.75 rising to Rs.100 as Chief Sanitary Inspector but they consider that there is no necessity to regard him as Chief Assistant to the Health Officer or as manager of the Health Office. The recommendation to grant to him a horse allowance of Rs.20 per mensem is sanctioned.

2. In place of the present four sanitary overseers, the Board's proposal to have 3 sanitary Inspectors on Rs. 30-2-40+ horse allowance of Rs.20 and one Assistant Sanitary Inspector on 20-1-30+20 horse allowance is sanctioned The additional Assistant Sanitary Inspector applied for is unnecessary.

3. The increase in the number of maistries by 3 and of Totis or sweepers by 16 and the addition of 1 Re to the pay of the maistries are also sanctioned.

4. Collection Department. The proposal to reduce without fecting the present incumbents pay of the rent collectors to a uniform salary of Rs. 15+5, to do away with the post of the Bill Collector

Rs

Rs.30 on the absorption of the present incumbent elsewhere and to entertain 2 assistant market serjeants in his place on Rs.15+5 each and also an additional peon on Rs.10 is sanctioned

5. The revision of the establishments as above is sanctioned as a tentative arrangement subject to reconsideration at the end of one year; the temporary market establishment whose term of retention expires by the end of December 1909 will be retained till then.

6. The President is requested to arrange to find by reappropriation/grants for 1909-10, the necessary funds to meet the charge on account of some of the items sanctioned above not provided for in the budget. J. Sanctioned.

7 The conservancy and collection Deprtments thus revised will be as noted below:-
